### FOOD TICKET PROGRAM HOW IT WORKS

*Rather than selling food, beverages and alcohol for cash, the event will use a Food and Drink Ticket Program. Ticket booths will be set up throughout the event venue where the public can purchase tickets in strips of 5 for \$10. Each ticket is essentially valued at \$2 each. People then use these tickets to buy food and beverages from vendors. All items for sale must be listed for sale in number of tickets. For example, a BBQ sandwich that would normally be valued at \$6 would be for sale for 3 tickets. A \$10 meal would be for sale for 5 tickets, etc. NO CASH SALES ARE PERMITTED.*

*Vendors collect tickets throughout the event and then will be paid at the close of the event by the event organizer, redeemed at \$1.50 per ticket. The organizer retains 50 cents per ticket or 25%. Vendors should adjust their normal prices to incorporate this additional 25%. We want to make sure vendors retain their desired profit from the event. The public shouldn't mind paying a little more for food as the event is FREE and they will enjoy live music, a car show, get helpful tips from BBQ experts and an overall fun and family friendly environment.*
